

Gosford Forest Park

Overview

Gosford Forest Park occupies the grounds of what was once Gosford Demesne, a 600-acre estate in County Armagh. The forest park has much to see and do, amidst the wonderful setting of rolling drumlins covered by open parkland and mixed woodland. Take time to see the 'Rare Breeds' enclosure containing a large collection of Irish poultry, long-horned cattle, rare breeds of sheep, and herd of red deer.
